Stereotaxic Instruments

complete systems

SAS-4100	small animal stereotaxic system includes: (1) MM-4100 micromanipulator, 50µm res.	3,900.00
SAS-4120	small animal stereotaxic system includes: (2) MM-4100 micromanipulators, 50µm res.	6,636.00
SAS-5100	small animal stereotaxic system includes: (1) MM-5100 micromanipulator, 10µm res.	5,308.00
SAS-5120	small animal stereotaxic system includes: (2) MM-5100 micromanipulators, 10µm res.	8,295.00
SAS-44611	small animal stereotaxic system includes: (1) MM-4200 micromanipulator, 50µm res.	6,754.00
SAS-44612	small animal stereotaxic system includes: (2) MM-4200 micromanipulators, 50µm res.	9,740.00
SAS-54611	small animal stereotaxic system includes: (1) MM-5200 micromanipulator, 10µm res.	7,524.00
SAS-54612	small animal stereotaxic system includes: (2) MM-5200 micromanipulators, 10µm res.	11,293.00
SDA-3000	digital readouts, all 3 axes, .01 mm resolution, zero reset battery powered, will fit on any 2009 model stereotaxic systems our manipulators, factory install only	3,000.00

stereotaxic micromanipulators

(for use on 18.7mm or 21.65mm square AP Bars, please denote size when ordering)

MM-4200 - MM-4400: micromanipulators with 3mm per revolution lead screws and 50µm of resolution via calibrated knobs.

MM-4200	80mm ML/DV, 30mm AP, tilt-swivel	3,318.00
MM-4300	80mm ML/DV, tilt-swivel	3,084.00
MM-4400	80mm ML/DV, 30mm AP	2,484.00

stereotaxic accessories		
RA-100	rodent adapter, for adult rat	485.00
RA-100G	rodent gas adapter, for adult rat and mouse	485.00
RA-200	rodent adapter, for mice & neonatal rat	485.00
EB-918	ear bars, standard, 18° tip	225.00
EB-927	ear bars, a-traumatic, 27° tip	225.00
EB-945	ear bars, a-traumatic, 45° tip for mouse	225.00
EH-100	electrode holder, standard	200.00
EH-600	electrode holder, fine stimulation electrode	260.00
PH-300	pipette holder, 1mm-3mm pipettes (stereotaxic)	240.00
PH-375	pipette holder, 1mm-3mm pipettes	215.00
SH-800	syringe holder, with .3125" dia. x 3.0" lg rod	248.00
SH-800L	syringe holder, with .3125" dia. x 6.0" lg rod	248.00
GP-500	general purpose holder, .5" (12.7mm) dia.	248.00
DH-1907	drill holder, holds up to 19.07mm dia.	379.00
DH-1000	drill holder, holds up to 1.0" dia.	379.00
MS-600	micromanipulator stand base	535.00
AD-312	adaptor – electrode holder, .3125 dia.	75.00
RC-101	stereotaxic instrument recalibration Service	500.00
RAM-100	rat anesthesia mask fits RA-100G	250.00
MAM-200	mouse anesthesia mask fits RA-100G	250.00

Micromanipulators and Accessories

micromanipulators

(replace the letter "R" with the letter "L" for left handed version , all units are shipped with a 12.00mm clamp std.)

MM-1001HP R	1-axis manipulator (fine) 10 μm res. , RH high precision, linear bearing	390.00
MM-1101 R	1-axis manipulator, RH dual control X axis (coarse & fine) 5μm res. high precision, linear bearing	500.00
MM-1002 R	2-axis manipulator (fine) 10 μm res. , RH high precision, linear bearing	900.00
MM-1003 R	3-axis manipulator (fine) 10 μm res. , RH high precision, linear bearing	1,430.00
MM-3001R	1-axis manipulator (coarse) 50 μm res. , RH standard precision	230.00
MM-3001HP R	1-axis manipulator (coarse) 50 μm res. , RH high precision, linear bearing	340.00
MM-3002 R	2-axis manipulator (coarse) 50 μm res. , RH high precision, linear bearing	790.00
MM-3003 R	3-axis manipulator (coarse) 50 μm res. , RH high precision, linear bearing	1,095.00
MM-3013 R	3-axis manipulator Y& Z(coarse) 50 μm res. , RH X axis (fine) 10μm res. high precision, linear bearing	1,210.00
MM-3103 R	3-axis manipulator Y& Z(coarse) 50 μm res. , RH dual control X Axis (coarse & fine) 5μm res. high precision, linear bearing	1,320.00
MM-3303 R	3-axis manipulator , RH dual control, X Y & Z axes (coarse & fine) 5μm res. high precision, linear bearing	1,920.00

Preclinical Imaging Instruments

animal handling systems (AHS)

AHS-2750-M1	Animal Handling System, 70mm coupling system, Mouse bed #1 with containment system Unit ships with filters for BSL-2 containment protocol, replacement o-ring kit, bench top gas connector	5,560.00
AHS-2750-R1	Animal Handling System, 70mm coupling system, Rat bed #1 with containment system Unit ships with filters for BSL-2 containment protocol, replacement o-ring kit, bench top gas connector (available fall 2011)	5,560.00
AHS-2170-M3	Animal Handling System, 55mm coupling system, Mouse bed #2 with containment system Unit ships with filters for BSL-2 containment protocol, replacement o-ring kit, bench top gas connector (available fall 2011)	5,560.00

positioning receiver assembly (PRA)

PRA-1000	Positioning Receiver Assembly for GE, Locus CT, 70 mm coupling system, unit ships with cables to connect to all physiological support	6,300.00
PRA-2000	Positioning Receiver Assembly for SIEMENS, Inveon CT, dedicated PET, and Inveon SPECT - CT scanners 70 mm coupling system, unit ships with cables to connect to all physiological support	6,300.00
PRA-3000-324	Positioning Receiver Assembly for GE eXplore CT-120, microCT scanners 70 mm coupling system, unit ships with cables to connect to all physiological support	7,350.00
PRA-3000-725	Positioning Receiver Assembly for GE eXplore, speCZT scanners 70 mm coupling system, unit ships with cables to connect to all physiological support	7,640.00
PRA-3000-642	Positioning Receiver Assembly for GE eXplore, speCZT scanners 55 mm coupling system, unit ships with cables to connect to all physiological support (available fall 2011)	7,640.00
