STEREOTAXIC INSTRUMENTS

<u>Model</u>	<u>Description</u>	<u>Price (USD)</u>
Complete Systems		
SAS-4100	Small animal stereotaxic system includes: (1) MM-4100 micromanipulator, 50µm res.	4,719.00
SAS-4120	Small animal stereotaxic system includes: (2) MM-4100 micromanipulators, 50µm res.	7,590.00
SAS-5100	Small animal stereotaxic system includes: (1) MM-5100 micromanipulator, 10µm res.	6,413.00
SAS-5120	Small animal stereotaxic system includes: (2) MM-5100 micromanipulators, 10µm res.	10,032.00
SAS-44611	Small animal stereotaxic system includes: (1) MM-4200 micromanipulator, 50µm res.	8,173.00
SAS-44612	Small animal stereotaxic system includes: (2) MM-4200 micromanipulators, 50µm res.	11,781.00
SAS-54611	Small animal stereotaxic system includes: (1) MM-5200 micromanipulator, 10µm res.	9,097.00
SAS-54612	Small animal stereotaxic system includes: (2) MM-5200 micromanipulators, 10µm res.	13,662.00
SDA-3000	Digital readouts, all 3 axes, .01 mm resolution, zero reset battery powered, will fit on any 2009 model stereotaxic systems our manipulators, factory install only	2,541.00

Stereotaxic Micromanipulators

(for use on 18.7mm or 21.65mm square AP Bars, please denote size when ordering)

MM-4200 - MM-4400: micromanipulators with 3mm per revolution lead screws and 50µm of resolution via calibrated knobs.

MM-4200	80mm ML/DV, 30mm AP, tilt-swivel	4,015.00
MM-4300	80mm ML/DV, tilt-swivel	3,729.00
MM-4400	80mm ML/DV, 30mm AP	3,003.00

Stereotaxic Micromanipulators

(for use on 18.7mm or 21.65mm square AP Bars, please denote size when ordering)

MM-5200 - MM-7000: micromanipulators with 1mm per revolution lead screws and 10 μ m resolution via calibrated knobs.

MM-5200	80mm ML/DV, 30mm AP, tilt-swivel	5,126.00
MM-5300	80mm ML/DV, tilt-swivel	4,785.00
MM-5400	80mm ML/DV, 30mm AP extended travel for large animal stereotaxic frames	4,059.00
MM-8000	80mm ML/DV, 80mm AP, tilt-swivel extended AP travel,	5,610.00
MM-8000/3	80mm ML/DV, 80mm AP, tilt-swivel extended AP travel, 50 μ m resolution	4,554.00

Stereotaxic Micromanipulators

(for SAS-4100 & SAS-5100 prices include mounting)

MM-4100	80mm ML/DV/AP, tilt-swivel, 50 μ m res, 3mm lead screw	4,400.00
MM-5100	80mm ML/DV/AP, tilt-swivel, 10 μ m res, 1mm lead screw	5,038.00

Stereotaxic Frames

(includes head holder and ear bars, * available as 21.6mm square AP-Bars. denote bar size when ordering.)

SF-4100	Small animal stereotaxic frame, 10" x 15" Dupont™ Corian®Base	3,333.00
SF-1450AP	Small animal stereotaxic frame 12" x 16" aluminum base - (2) AP-Bars w/100mm calibration (18.7mm square)*	5,126.00

Stereotaxic Accessories		
RA-100	Rodent adapter, for adult rat	589.00
RA-100G	Rodent gas adapter, for adult rat and mouse	589.00
RA-200	Rodent adapter, for mice & neonatal rat	589.00
EB-918	Ear bars, standard, 18° tip	363.00
EB-927	Ear bars, a-traumatic, 27° tip	363.00
EB-945	Ear bars, a-traumatic, 45° tip for mouse	363.00
EH-100	Electrode holder, standard	242.00
EH-600	Electrode holder, fine stimulation electrode	374.00
PH-300	Pipette holder, 1mm-3mm pipettes (stereotaxic)	451.00
PH-375	Pipette holder, 1mm-3mm pipettes	253.00
SH-800	Syringe holder, with .3125" dia. x 3.0" lg rod	303.00
SH-800L	Syringe holder, with .3125" dia. x 6.0" lg rod	303.00
GP-500	General purpose holder, .5" (12.7mm) dia.	303.00
DH-1907	Drill holder, holds up to 19.07mm dia.	457.00
DH-1000	Drill holder, holds up to 1.0" dia.	457.00
MS-600	Micromanipulator stand base	649.00
AD-312	Adaptor, electrode holder, .3125 dia.	132.00
RC-101	Stereotaxic instrument recalibration Service	605.00
RAM-100	Rat anesthesia mask fits RA-100G	484.00
MAM-200	Mouse anesthesia mask fits RA-100G	484.00

MICROMANIPULATORS AND ACCESSORIES		
Micromanipulators		
(replace the letter "R" with the letter "L" for left hand version, all units are shipped with a 12.00mm clamp std.)		
MM-1001HP R	1-axis manipulator (fine) 10 μ m res. , RH high precision, linear bearing	473.00
MM-1001 R	1-axis manipulator, RH dual control X axis (coarse & fine) 5 μ m res. high precision, linear bearing	605.00
MM-1002 R	2-axis manipulator (fine) 10 μ m res. , RH high precision, linear bearing	1089.00
MM-1003 R	3-axis manipulator (fine) 10 μ m res. , RH high precision, linear bearing	2,277.00
MM-3001R	1-axis manipulator (coarse) 50 μ m res. , RH standard precision	363.00
MM-3001HP R	1-axis manipulator (coarse) 50 μ m res. , RH high precision, linear bearing	413.00
MM-3002 R	2-axis manipulator (coarse) 50 μ m res. , RH high precision, linear bearing	957.00
MM-3003 R	3-axis manipulator (coarse) 50 μ m res. , RH high precision, linear bearing	1,320.00
MM-3013 R	3-axis manipulator Y& Z(coarse) 50 μ m res. , RH X axis (fine) 10 μ m res. high precision, linear bearing	1,595.00
MM-3103 R	3-axis manipulator Y& Z(coarse) 50 μ m res. , RH dual control X Axis (coarse & fine) 5 μ m res. high precision, linear bearing	1,595.00
MM-3303 R	3-axis manipulator, RH dual control, X Y & Z axes (coarse & fine) 5 μ m res. high precision, linear bearing	2,321.00

MICRODRIVE SYSTEMS		
MD-2500	Microdrive system, single axis DC servo motor control .1µm resolution, hand held pendant remote. (expandable to 4 axes)	8,168.00
MP-2510	Additional axis - micropositioner and controller patch clamp, extracellular and intracellular electro	3,388.00

MULTI-BARREL MICROPIPETTES AND ACCESSORIES

P-3	Three barrel micropipette blanks (box of 50)	435.00
P-5	Five barrel micropipette blanks (box of 50)	435.00
P-7	Seven barrel micropipette blanks (box of 50)	655.00
LD-303	Contact leads for P-3, assembly	110.00
LD-305	Contact leads for P-5, assembly	110.00
LD-307	Contact leads for P-7, assembly	110.00
PE-300	Pressure ejection kit for P-3, P-5, P-7 10 fittings and ten feet of silicon tubing	110.00

PRECLINICAL IMAGING INSTRUMENTS

<u>Model</u>	<u>Description</u>	<u>Price (USD)</u>
Animal Handling Systems (AHS)		
AHS-2750-M1	Animal Handling System, 70mm coupling system, Mouse bed #1 with containment system Unit ships with filters for BSL-2 containment protocol, replacement o-ring kit, bench top gas connector	6,721.00
AHS-2750-R1	Animal Handling System, 70mm coupling system, Rat bed #1 with containment system Unit ships with filters for BSL-2 containment protocol, replacement o-ring kit, bench top gas connector	6,721.00
AHS-2750-PE	Animal Handling System, 70mm coupling system, PerkinElmer bed with-out containment system Unit accepts PE mouse cassette replacement o-ring kit, bench top gas connector	6,600.00
AHS-1574-M2	Animal Handling System, 40mm coupling system, Mouse bed #2 with containment system Unit ships with filters for BSL-2 containment protocol, replacement o-ring kit, bench top gas connector	6,721.00
AHS-1574-M3	Animal Handling System, 40mm coupling system, Mouse bed #3 with containment system Unit ships with filters for BSL-2 containment protocol, replacement o-ring kit, bench top gas connector	6,721.00
Positioning Receiver Assembly (PRA)		
PRA-1000	Positioning Receiver Assembly for GE, Locus CT, 70 mm coupling system, unit ships with cables to connect to all physiological support	7,623.00
PRA-1000-M	Positioning Receiver Assembly for Mediso Multi-modality scanner CT-PET 70 mm coupling system, unit ships with cables to connect to all physiological support	8,140.00
PRA-2000	Positioning Receiver Assembly for SIEMENS, Inveon CT, dedicated PET, and Inveon SPECT · CT scanners 70 mm coupling system, unit ships with cables to connect to all physiological support	7,623.00
PRA-2000-MM	Positioning Receiver Assembly for SIEMENS, dockedPET · SPECT· CT, and PET· SPECT· CT, scanners 70 mm coupling system, unit ships with cables to connect to all physiological support	9,614.00

<u>Model</u>	<u>Description</u>	<u>Price (USD)</u>
PRA-3000-324	Positioning Receiver Assembly for TriFoil eXplore CT-120, microCT scanners, 70 mm coupling system, unit ships with cables to connect to all physiological support	8,888.00
PRA-3000-725	Positioning Receiver Assembly for GE eXplore, speCZT scanners 70 mm coupling system, unit ships with cables to connect to all physiological support	9,240.00
PRA-3000-642	Positioning Receiver Assembly for GE eXplore, speCZT scanners 55 mm coupling system, unit ships with cables to connect to all physiological support (available fall 2013)	9,240.00
PRA-4000	Positioning Receiver Assembly for MRI applications, 70 mm coupling system, unit is designed to interface to the PAS product line of machine specific assemblies	7,865.00
PRA-8000	Positioning Receiver Assembly for TriFoil Triumph II, LabPET Solo, 70 mm coupling system, unit ships with cables to connect to all physiological support	8,580.00
PRA-9000	Positioning Receiver Assembly for Bruker BioSPEC MRI system, mounts to Autopac table 70 mm coupling system, unit ships with cables to connect to all physiological support	8,349.00

*all systems can be ordered with 40mm coupling interface

Extensions and Reduction Union for Positioning Receiver Assemblies

EXT-1000R-70	Extension Assembly for Mediso Multi-modality scanner CT-PET, CT-SPECT 70 mm coupling to 70mm coupling approximately 362.00 mm in length	7,623.00
EXT-1000M-40	Extension Assembly for Mediso Multi-modality scanner CT-PET, CT-SPECT 70 mm coupling to 40mm approximately 438.00 mm in length	7,623.00
RU-7040	Reduction Union for SIEMENS, Inveon CT, dedicated PET, and Inveon SPECT - CT scanners 70 mm coupling to 40mm coupling	7,623.00
