### STEREOTAXIC INSTRUMENTS

<u>Model</u>	<u>Description</u>	<u>Price (USD)</u>
<b>Complete Systems</b>		
SAS-4100	Small animal stereotaxic system includes: (1) MM-4100 micromanipulator, 50µm res.	5,191.00
SAS-4120	Small animal stereotaxic system includes: (2) MM-4100 micromanipulators, 50µm res.	8,349.00
SAS-5100	Small animal stereotaxic system includes: (1) MM-5100 micromanipulator, 10µm res.	7,054.00
SAS-5120	Small animal stereotaxic system includes: (2) MM-5100 micromanipulators, 10µm res.	11,035.00
SAS-44611	Small animal stereotaxic system includes: (1) MM-4200 micromanipulator, 50µm res.	8,990.00
SAS-44612	Small animal stereotaxic system includes: (2) MM-4200 micromanipulators, 50µm res.	11,781.00
SAS-54611	Small animal stereotaxic system includes: (1) MM-5200 micromanipulator, 10µm res.	10,007.00
SAS-54612	Small animal stereotaxic system includes: (2) MM-5200 micromanipulators, 10µm res.	15,028.00
SDA-3000	Digital readouts, all 3 axes, .01 mm resolution, zero reset battery powered, will fit on any 2009 model stereotaxic systems our manipulators, factory install only	2,795.00
<b>Stereotaxic Micromanipulators</b>		
<small>(for use on 18.7mm or 21.65mm square AP Bars, please denote size when ordering)</small>		
<small>MM-4200 - MM-4400: micromanipulators with 3mm per revolution lead screws and 50µm of resolution via calibrated knobs.</small>		
MM-4200	80mm ML/DV, 30mm AP, tilt-swivel	4,417.00
MM-4300	80mm ML/DV, tilt-swivel	4,102.00
MM-4400	80mm ML/DV, 30mm AP	3,303.00

## 2022 PRICE LIST

Effective Date: January 1, 2022

<u>Model</u>	<u>Description</u>	<u>Price (USD)</u>
--------------	--------------------	--------------------

### Stereotaxic Micromanipulators

(for use on 18.7mm or 21.65mm square AP Bars, please denote size when ordering)

MM-5200 - MM-7000: micromanipulators with 1mm per revolution lead screws and 10 $\mu$ m resolution via calibrated knobs.

MM-5200	80mm ML/DV, 30mm AP, tilt-swivel	5,639.00
MM-5300	80mm ML/DV, tilt-swivel	5,639.00
MM-5400	80mm ML/DV, 30mm AP extended travel for large animal stereotaxic frames	4,465.00
MM-8000	80mm ML/DV, 80mm AP, tilt-swivel extended AP travel,	6,171.00
MM-8000/3	80mm ML/DV, 80mm AP, tilt-swivel extended AP travel, 50 $\mu$ m resolution	5,009.00

### Stereotaxic Micromanipulators

(for SAS-4100 & SAS-5100 prices include mounting)

MM-4100	80mm ML/DV/AP, tilt-swivel, 50 $\mu$ m res, 3mm lead screw	4,840.00
MM-5100	80mm ML/DV/AP, tilt-swivel, 10 $\mu$ m res, 1mm lead screw	5,542.00

### Stereotaxic Frames

(includes head holder and ear bars, \* available as 21.6mm square AP-Bars. denote bar size when ordering.)

SF-4100	Small animal stereotaxic frame, 10" x 15" Dupont™ Corian®Base	3,666.00
SF-1450AP	Small animal stereotaxic frame 12" x 16" aluminum base - (2) AP-Bars w/100mm calibration (18.7mm square)*	5,639.00

## 2022 PRICE LIST

<u>Model</u>	<u>Description</u>	<u>Price (USD)</u>
<b>Stereotaxic Accessories</b>		
RA-100	Rodent adapter, for adult rat	648.00
RA-100G	Rodent gas adapter, for adult rat and mouse	648.00
RA-200	Rodent adapter, for mice & neonatal rat	648.00
EB-918	Ear bars, standard, 18° tip	399.00
EB-927	Ear bars, a-traumatic, 27° tip	399.00
EB-945	Ear bars, a-traumatic, 45° tip for mouse	399.00
EH-100	Electrode holder, standard	266.00
EH-600	Electrode holder, fine stimulation electrode	496.00
PH-300	Pipette holder, 1mm-3mm pipettes (stereotaxic)	496.00
PH-375	Pipette holder, 1mm-3mm pipettes	278.00
SH-800	Syringe holder, with .3125" dia. x 3.0" lg rod	333.00
SH-800L	Syringe holder, with .3125" dia. x 6.0" lg rod	333.00
GP-500	General purpose holder, .5" (12.7mm) dia.	333.00
DH-1907	Drill holder, holds up to 19.07mm dia.	503.00
DH-1000	Drill holder, holds up to 1.0" dia.	503.00
MS-600	Micromanipulator stand base	714.00
AD-312	Adaptor, electrode holder, .3125 dia.	145.00
RC-101	Stereotaxic instrument recalibration Service	666.00
RAM-100	Rat anesthesia mask fits RA-100G	532.00
MAM-200	Mouse anesthesia mask fits RA-100G	532.00

<b>MICROMANIPULATORS AND ACCESSORIES</b>		
<b>Micromanipulators</b>		
(replace the letter "R" with the letter "L" for left hand version, all units are shipped with a 12.00mm clamp std.)		
MM-1001HP R	1-axis manipulator (fine) 10 $\mu$ m res. , RH high precision, linear bearing	520.00
MM-1001 R	1-axis manipulator, RH dual control X axis (coarse & fine) 5 $\mu$ m res. high precision, linear bearing	666.00
MM-1002 R	2-axis manipulator (fine) 10 $\mu$ m res. , RH high precision, linear bearing	1,198.00
MM-1003 R	3-axis manipulator (fine) 10 $\mu$ m res. , RH high precision, linear bearing	2,505.00
MM-3001R	1-axis manipulator (coarse) 50 $\mu$ m res. , RH standard precision	399.00
MM-3001HP R	1-axis manipulator (coarse) 50 $\mu$ m res. , RH high precision, linear bearing	454.00
MM-3002 R	2-axis manipulator (coarse) 50 $\mu$ m res. , RH high precision, linear bearing	1,053.00
MM-3003 R	3-axis manipulator (coarse) 50 $\mu$ m res. , RH high precision, linear bearing	1,452.00
MM-3013 R	3-axis manipulator Y& Z(coarse) 50 $\mu$ m res. , RH X axis (fine) 10 $\mu$ m res. high precision, linear bearing	1,755.00
MM-3103 R	3-axis manipulator Y& Z(coarse) 50 $\mu$ m res. , RH dual control X Axis (coarse & fine) 5 $\mu$ m res. high precision, linear bearing	1,755.00
MM-3303 R	3-axis manipulator, RH dual control, X Y & Z axes (coarse & fine) 5 $\mu$ m res. high precision, linear bearing	2,553.00

<b>MICRODRIVE SYSTEMS</b>		
MD-2500	Microdrive system, single axis DC servo motor control .1µm resolution, hand held pendant remote. (expandable to 4 axes)	8,985.00
MP-2510	Additional axis - micropositioner and controller patch clamp, extracellular and intracellular electro	3,718.00
<b>MULTI-BARREL MICROPIPETTES AND ACCESSORIES</b>		
P-3	Three barrel micropipette blanks (box of 50)	479.00
P-5	Five barrel micropipette blanks (box of 50)	479.00
P-7	Seven barrel micropipette blanks (box of 50)	721.00
LD-303	Contact leads for P-3, assembly	121.00
LD-305	Contact leads for P-5, assembly	121.00
LD-307	Contact leads for P-7, assembly	121.00
PE-300	Pressure ejection kit for P-3, P-5, P-7 10 fittings and ten feet of silicon tubing	121.00

<b>BRAIN MATRICES</b>		
Rodent Brain Matrices		
BTK-130	Brain & Tissue Knives for Matrices (Pkg. of 50)	231.00
RBM-1000C	Gerbil, adult 70g, coronal sections	787.00
RBM-1000S	Gerbil, adult 70g, sagittal sections	787.00
RBM-2000C	Mouse, adult 30g, coronal sections	696.00
RBM-2000S	Mouse, adult 30g, sagittal sections	696.00
RBM-3000C	Rat, adult 125g-185g, coronal sections	696.00
RBM-3000S	Rat, adult 125g-180g, sagittal sections	696.00
RBM-4000C	Rat, adult 200g-400g, coronal sections	696.00
RBM-4000S	Rat adult, 200g-400g, sagittal sections	696.00
RBM-4000DV	Rat, adult 200g-400g, dorsal-ventral sections	787.00
RBM-5000C	Guinea pig, adult 350g, coronal sections	787.00
RBM-5000S	Guinea pig, adult 350g, sagittal sections	787.00
RBM-6000C	Ferret, adult, coronal sections	787.00
RBM-6000S	Ferret, adult, sagittal sections	787.00
RBM-7000C	Rabbit, adult, coronal sections	908.00
RBM-7000S	Rabbit, adult, sagittal sections	908.00
RBM-8000C	Rat, pup 30g, coronal sections	696.00
RBM-8000S	Rat, pup 30g, sagittal sections	696.00
RBM-9000C	Hamster, adult 100g, coronal sections	787.00
RBM-9000S	Hamster, adult 100g, sagittal sections	787.00

### PRECLINICAL IMAGING INSTRUMENTS

<u>Model</u>	<u>Description</u>	<u>Price (USD)</u>
<b>Animal Handling Systems (AHS)</b>		
AHS-2750-M1	Animal Handling System, 70mm coupling system, Mouse bed #1 with containment system Unit ships with filters for BSL-2 containment protocol, replacement o-ring kit, bench top gas connector	7,393.00
AHS-2750-R1	Animal Handling System, 70mm coupling system, Rat bed #1 with containment system Unit ships with filters for BSL-2 containment protocol, replacement o-ring kit, bench top gas connector	7,393.00
AHS-2750-PE	Animal Handling System, 70mm coupling system, PerkinElmer bed with-out containment system Unit accepts PE mouse cassette replacement o-ring kit, bench top gas connector	7,260.00
AHS-1574-M2	Animal Handling System, 40mm coupling system, Mouse bed #2 with containment system Unit ships with filters for BSL-2 containment protocol, replacement o-ring kit, bench top gas connector	7,393.00
AHS-1574-M3	Animal Handling System, 40mm coupling system, Mouse bed #3 with containment system Unit ships with filters for BSL-2 containment protocol, replacement o-ring kit, bench top gas connector	7,393.00
<b>Positioning Receiver Assembly (PRA)</b>		
PRA-1000	Positioning Receiver Assembly for GE, Locus CT, 70 mm coupling system, unit ships with cables to connect to all physiological support	8,385.00
PRA-1000-M	Positioning Receiver Assembly for Mediso Multi-modality scanner CT-PET 70 mm coupling system, unit ships with cables to connect to all physiological support	8,954.00
PRA-2000	Positioning Receiver Assembly for SIEMENS, Inveon CT, dedicated PET, and Inveon SPECT · CT scanners 70 mm coupling system, unit ships with cables to connect to all physiological support	8,385.00
PRA-2000-MM	Positioning Receiver Assembly for SIEMENS, dockedPET · SPECT· CT, and PET· SPECT· CT, scanners 70 mm coupling system, unit ships with cables to connect to all physiological support	10,575.00

## 2022 PRICE LIST

Effective Date: January 1, 2022

<u>Model</u>	<u>Description</u>	<u>Price (USD)</u>
PRA-3000-324	Positioning Receiver Assembly for TriFoil eXplore CT-120, microCT scanners, 70 mm coupling system, unit ships with cables to connect to all physiological support	9,777.00
PRA-3000-725	Positioning Receiver Assembly for GE eXplore, speCZT scanners 70 mm coupling system, unit ships with cables to connect to all physiological support	10,164.00
PRA-3000-642	Positioning Receiver Assembly for GE eXplore, speCZT scanners 55 mm coupling system, unit ships with cables to connect to all physiological support (available fall 2013)	10,164.00
PRA-4000	Positioning Receiver Assembly for MRI applications, 70 mm coupling system, unit is designed to interface to the PAS product line of machine specific assemblies	8,652.00
PRA-8000	Positioning Receiver Assembly for TriFoil Triumph II, LabPET Solo, 70 mm coupling system, unit ships with cables to connect to all physiological support	9,438.00
PRA-9000	Positioning Receiver Assembly for Bruker BioSPEC MRI system, mounts to Autopac table 70 mm coupling system, unit ships with cables to connect to all physiological support	9,184.00

\*all systems can be ordered with 40mm coupling interface

### Extensions and Reduction Union for Positioning Receiver Assemblies

EXT-1000R-70	Extension Assembly for Mediso Multi-modality scanner CT-PET, CT-SPECT 70 mm coupling to 70mm coupling approximately 362.00 mm in length	8,385.00
EXT-1000M-40	Extension Assembly for Mediso Multi-modality scanner CT-PET, CT-SPECT 70 mm coupling to 40mm approximately 438.00 mm in length	8,385.00
RU-7040	Reduction Union for SIEMENS, Inveon CT, dedicated PET, and Inveon SPECT - CT scanners 70 mm coupling to 40mm coupling	8,385.00

## 2022 PRICE LIST

<u>Model</u>	<u>Description</u>	<u>Price (USD)</u>
<b>Positioning Assembly Systems (PAS)</b>		
PAS-2000	Positioning Assembly System for Agilent/GE 901, with 205/120 gradient and 72/119 volume AD coil (Rapid) individual coil spacers maybe required	9,983.00
PAS-3000	Positioning Assembly System for RRI systems, with BFG 200/115 gradient and RFG 115/72 coil individual coil spacers maybe required	9,983.00
PRA-3000-BRU	Positioning Assembly System for RRI gradient systems, BFG 200/115 and Bruker 113 x 86, and 113 x 60 coils individual coil spacers maybe required	9,983.00
<b>Accessories for Positioning Receiver Assembly</b>		
RWH-1550	Re-circulating Water Heating System configured for the PRA line, 42°C max	726.00
RWH-1600	Re-circulating Water Heating System configured for the PRA line, 100°C max	2,009.00
